

RENOVA SPA INAUGURATES SPA & WELLNESS FACILITIES AT THE NEWLY RENOVATED RIU PUNTA CANA IN BAVARO, DOMINICAN REPUBLIC

FOR IMMEDIATE RELEASE 02/08/2018

Dominican Republic, Bavaro: Renova Spa, a collection of unique spas with worldwide presence, associated with premier-lever resorts and city hotels, announces the inauguration of their luxurious spa facilities at the reopened Hotel RIU Palace Punta Cana, located at the beautiful Arena Gorda beach, about 25 km north of Punta Cana's international airport.

Completing the renovation and reconstruction plans of all of RIU's six hotels in Punta Cana including two water parks in Bavaro over the past years, the new Renova Spa facilities are one of the major upgrades received during the latest reopening of the Hotel RIU Palace Punta Cana.

On Saturday July 14th, first spa guests were warmly welcomed by Renova Spa's professional therapists who ensure their guests deep relaxation, rejuvenation and revitalization throughout thoroughly designed beauty and wellness programs, massages and couple treatments, inspired by ancient ideologies that believe that beauty, health & spirit are an inseparable unit.

Sahoni Pache, Renova Spa Director Dominican Republic, said: "Our first guests were two beautiful ladies from Miami, spending a 'ladies only day' without their husbands and children. Our highly trained team was delighted to find the right service according to their individual needs: a 80-minute Stress Cure Massage in our double treatment room. We were pleased to receive positive feedback related to our quality service as well as to our clean and modern designed Renova Spa facilities."

Wedding couples and parties can get themselves prepared and pampered for the most important day in the couple's life. Renova Spa surprises them with a gift, variety of wedding packages, treatments and bridal hairstyles that will help bride and groom relax and shine on their special day. Outdoor gazebos are available for an unforgettable beach massage, rounding up the perfect wedding event.

Jacuzzi, steam bath and a well-equipped modern gym are offered to all hotel guests as part of their All Inclusive experience. Massages, therapies, specials and gift certificates can either be pre-booked at info@renovaspa.com or arranged with Renova Spa's friendly team onsite.

Company profile

Featured in 12 countries across 5 continents with more than 50 spas, Renova Spa will transform a wonderful vacation or a business trip in an unforgettable experience. Throughout the company's expansion, its mandate has strengthened ever more - anticipate the needs and desires of the travelers delighting each sense with natural ingredients and enhance centuries old treatments to provide a unique spa experience. Renova Spa is committed to quality, comfort and environment. Their programs are thoughtfully designed to luxuriously pamper and indulge, heal and nourish, restore and rejuvenate.
